

PRACTICE SPECIALTIES & BRANCHES

ACADEMICS

Promotes the advancement of SH&E education; influences academic accreditation, professional certification, and national and international research.

CONSTRUCTION

Focuses on jobsite and equipment safety, health and environmental activities, and contractor and subcontractor relations.

CONSULTANTS

Provides information and ideas to help consultants excel, and supports an online directory of safety consultants.

ENGINEERING

Focuses on safety engineering, prevention through design, technical expertise and standards development.

ENVIRONMENTAL

Focuses on environmental management, water and air quality, solid and hazardous waste, emergency planning and response, chemicals and toxicology, and legislative and regulatory issues.

Agricultural Branch

Focuses on agricultural issues ranging from tractor safety, noise exposures, bin entry, seed production and raising livestock to forestry and fishing.

ERGONOMICS

Focuses on ways to reduce soft-tissue injuries in the workplace, prevention strategies, tips and best practices.

FIRE PROTECTION

Focuses on fire protection, prevention, preparedness and mitigation of emergencies in the workplace. Also applies to those in life safety, emergency action planning and post-incident recovery.

HEALTHCARE

Focuses on safety in healthcare facilities and industrial and corporate occupational health settings. Provides insights into professional practice issues, ergonomic concerns, regulatory issues, emergency response and more.

Health & Wellness Branch

Focuses on the connection between wellness and safety.

INDUSTRIAL HYGIENE

Focuses on IH services. Monitors regulatory issues, laboratory methodologies and training and education opportunities.

INTERNATIONAL

Addresses global SH&E issues through an exchange of international safety technology, research and best practices.

Military Branch

Focuses on safety concerns of those in active duty, working in a civilian capacity or affiliated government agencies.

MANAGEMENT

Focuses on management's role in safety programs, implementation and safety leadership.

Human Resources Branch

Focuses on fostering a strong safety culture, recruiting with safety in mind and HR's functions within corporate safety.

MANUFACTURING

Focuses on SH&E within manufacturing facilities, such as, metalworking, timber and lumber working, food processing, chemical, rubber and plastics, printing and publishing locations.

MINING

Links safety professionals working in or for the mining industry, including surface and underground operations, metal and non-metal production, and related processing operations.

OIL & GAS

Focuses on petrochemical, pipeline, and marine industries and monitors legislative and regulatory issues.

PUBLIC SECTOR

Focuses on safety concerns of those working for governmental agencies and facilities in urban, suburban and rural communities.

RISK MANAGEMENT/INSURANCE

Serves the interests of risk management and insurance/loss control professionals specializing in critical risk areas, violence in the workplace and crisis management.

TRAINING & COMMUNICATIONS

Focuses on training issues such as certification programs, instructional design, adult learning principles, and the development of effective training and communications.

TRANSPORTATION

Focuses on all modes of transportation such as ground, air, fleet, rail and maritime. Focuses on the hazards of distracted driving and monitors legislative and regulatory issues.

UTILITIES

Addresses SH&E issues within electrical, solar and wind generation, natural gas transmission and distribution, water/wastewater, telecommunications, public works and other utility areas.

COMMON INTEREST GROUPS

Blacks in Safety Engineering (BISE)

Safety Professionals & the Latino Workforce (SPALW)

Women in Safety Engineering (WISE)

Young Professionals in SH&E (YP)

These virtual groups are open to all ASSE members and provide benefits that help you make the most of your ASSE membership. Enjoy targeted networking, focused technical content, triannual publications, discounts on webinars, sponsorship on speaking proposals, mentoring, volunteer leadership advice and much more. Branch membership is free to members of the corresponding Practice Specialty.
