Revised ANSI/ASSE A10.32 Standard Now Available

The newly revised standard, “Personal Fall Protection for Use in Construction and Demolition Operations” (ANSI/ASSE A10.32), was approved by the American National Standards Institute on September 12, 2012 with an effective date of January 14, 2013.

The original version of the A10.32 standard was approved on May 3, 2004. A10.32 is viewed as a replacement for the A10.14 standard. Past versions of the A10.14 standard were released in 1975 and 1991.
