New Grant Honors Crane Accident Victim
Hennessy Family Donates More Than $40,000 to Foundation

The family of ASSE member Terrance M. Hennessy, CSP, ALCM, ARM, AMIM, CHSP, who lost his life in a crane collapse March 25, 2008, in Miami, FL, has contributed more than $40,000 to the ASSE Foundation to fund the Terrance M. Hennessy Professional Development Grant. The $2,000 grant will be awarded annually to SH&E professionals pursuing continuing education or professional certification.

A vice president in the risk consulting practice at Marsh, Hennessy was on a routine construction site visit when a crane collapsed. He was at the site to provide risk and safety guidance aimed at preventing workplace injuries. “This grant has been created to support the advancement of knowledge and skills of safety and risk professionals in hopes that future worksite injuries and fatalities can be prevented,” says son Michael Hennessy.

According to his family, Hennessy was “a very social person who enjoyed being around people, traveling and making new friends. He put special emphasis on his family and had a close relationship with all of his children and grandchildren.”

Michael adds that his father was the type of person who always “had a smile on his face and knew the meaning of being a good friend.”

Foundation’s 2008 Golf Outing Hits the Mark

ASSE Foundation’s Golf Outing held June 9 in conjunction with ASSE’s Safety 2008 conference was a great success. The event drew 143 golfers to Badlands Golf Club and raised more than $16,000 to support the Foundation’s scholarship program. This year’s sponsors were a huge part of the event’s success.

Prize sponsors: Warrior Custom Golf and Washington Division of URS.

Golfers enjoyed the outing in Las Vegas during Safety 2008 and helped raise more than $16,000 for the Foundation.

Goodie bag sponsors: Aon Global Risk Consulting, Civil & Environmental Consultants Inc., Houston Area Safety Council, Liberty Mutual Group and Summit Training Source Inc.

A special thanks also to Jerry Ray from ASSE’s Las Vegas Chapter for his help in coordinating the outing.
The ASS Foundation will offer more than $135,000 in scholarships and professional development grants in 2009. These programs are open to students pursuing degrees in SH&E and to safety professionals advancing their professional credentials. This year, nine new awards are available:

- Columbia-Willamette Chapter President Scholarship ($1,000)
- Greater Chicago Chapter Scholarship ($1,000)
- Keith Bain Scholarship sponsored by the Middle Tennessee Chapter ($2,000)
- Linda & Brad Giles Scholarship ($1,500)

- New England Area Future Leadership Award ($1,000)
- Puget Sound Chapter ASSE Scholarship ($1,000)
- Texas Safety Foundation (TSF) Scholarship ($2,500)
- Charlie Darnell HSE Memorial Scholarship sponsored by TSF ($2,500)
- Terrance M. Hennessy Professional Development Grant (various awards totaling $2,000)

Several requirements have been changed to expand the number of eligible applicants. The graduation requirement has been moved to May 2009 or later, allowing graduating seniors to apply. In addition, students can now receive awards in subsequent years following their first scholarship.

A complete list of awards, applications, program rules and FAQs are posted at www.asse.org/foundation. Applications are due Dec. 1, 2008. Awards will be announced in early April 2009.

The ASSE Foundation, established to enhance the long-range future of the safety and health professions, is exempt from taxation under section 501(c)(3) of the Internal Revenue Code (IRC). Generally, contributions to the ASSE Foundation are considered charitable contributions under IRC section 170 and are tax-deductible as provided by law. Consult your tax advisor with any questions.

Adocate Fall 2008
Legacy Trust Welcomes Newest Members

Kennith & Mary Brock

“As a safety professional for more than 40 years, I feel it is important to encourage others to follow in our footsteps. Hopefully, they can improve on the work we have begun. “As a Foundation trustee and former chair, I have seen the Foundation become a major force in helping our society learn more about creating and maintaining a safe work environment. We all need to help ensure that this effort will continue to produce tomorrow’s leaders in this worldwide effort. The Legacy Trust is a major component in the Foundation’s efforts to support young leaders with scholarships, to encourage schools to develop accredited degree programs and to fund research that will expand the knowledge of safety in the global community.”

Mary & Ken Brock

Linda & Brad Giles

“Linda and I are proud to ‘give back’ to the safety profession through the ASSE Foundation’s Legacy Trust. I have had a successful, rewarding career and hopefully made an impact on many individuals and their families.

“I am a strong proponent for advanced education, employee development and professional certification. The members of our profession must recruit and support the young talent to continue the improvement process in safety and health. We felt the Legacy Trust was the best vehicle to ‘pay it forward’ and make a long-term impact on future SH&E practitioners. I encourage the ASSE membership to consider supporting the future of our profession through their financial support and by remembering the ASSE Foundation in their estate planning.”

Linda & Brad Giles

Research Fellowship Applications Due Feb. 1, 2009

Applications for the Liberty Mutual Safety Research Fellowship Program for summer 2009 are due Feb. 1, 2009. Fellows will spend 4 to 6 weeks at the Liberty Mutual Research Institute for Safety in Hopkinton, MA. The program is designed to encourage research activity in safety; and to familiarize graduate students, faculty members and other researchers with current research projects and up-to-date research models and applications to expand the body of knowledge. Fellows must be U.S. citizens or permanent residents, and must possess a Ph.D. degree or be working toward a master’s or Ph.D.

For complete program details and application requirements, visit www.asse.org/foundation.
