

Dear WISE Supporter,

On behalf of Women in Safety Engineering (WISE), an ASSE (American Society of Safety Engineers) Common Interest Group, thank you for considering your annual financial commitment to WISE. Some of our significant and repeat partners include;

Georgia Pacific	Airgas	Adele Abrams Law Offices
L'Oreal	URS	SPAN International
BP	BCSP	Travelers Insurance

as well as ASSE Chapters; New Jersey, Central Florida, Wichita, Long Beach, National Capitol, Kitty Hawk and others. We also have a strong list of individual financial contributors including Kim Jackson, Maureen Johnson, Lori Elder, Terrie Norris and many others. All contributions fund the many WISE initiatives and activities including the WISE Business and Networking Event, the PDC Networking Lounge and the WISE Full Day Retreat held in conjunction with the Annual ASSE Professional Development Conference, Open Calls and Webinars, as well as other special WISE projects and initiatives such as publishing the commemorative book, *“One Hundred Women Making a Difference in the SH&E Profession”*.

WISE’s membership, both women and men, has continued to grow steadily with each year of great value and service to our members, currently over 2,000 paying members! By sponsoring WISE activities, you can expect to reach nearly every woman (and many men) in attendance at the PDC and those not in attendance, via the WISE webpage ([asse.org/wise](http://asse.org/wise)), LinkedIn, Facebook and hundreds attending our annual open call.

Our multiple levels of sponsorship, (see attached graph) can accommodate most donors, however we can tailor sponsorship packages should you have specific needs you would like addressed. Please simply contact me to discuss all of the possibilities!

The benefits to you as a partner are limitless with the explosion of social media and WISE’s very robust LinkedIn site as well as our webpage. Additionally, we have successfully launched an electronic Directory of Products and Services Guide in which WISE Sponsor Partners are prominently featured. The Directory is a compilation of women-owned or operated businesses in or related to the SH&E profession as well as suppliers of SH&E-related goods and services designed specifically for women.

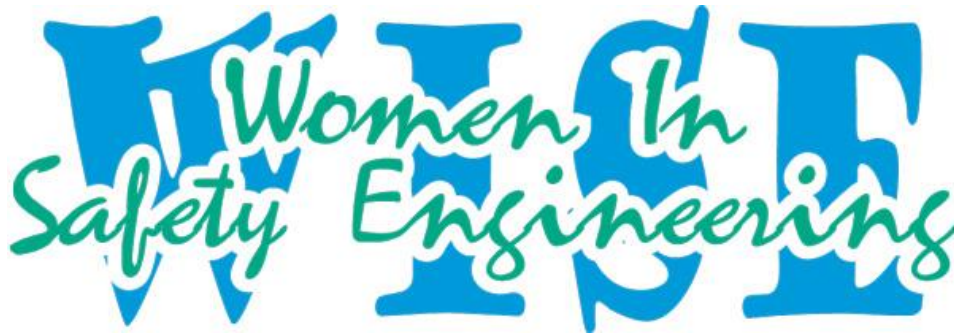

WISE will continue to grow, encourage, mentor and be a leader in the safety, health and environmental profession only with the support of people and organizations such as you. Thank you to all of our previous partners and to you, in advance, for your sponsorship!

Sincerely,

Kelly Bernish, WISE Marketing and Partner Relations Chair
