Advancing the Needs of Today's

SAFETY, HEALTH & ENVIRONMENTAL

PROFESSIONAL

AMERICAN SOCIETY OF SAFETY ENGINEERS

Why you should join

- Network with over 32,000 members
- Earn and maintain CEUs
- Monthly Professional Safety Journal
- 14 Practice Specialties to network in your field
- Members only website and online community
- Stay current with new laws and regulations
- Nexsteps® Career Center
- Discounts on products and educational programs
- Increase your credibility
- and much more!

About the Society

Formed in 1911, ASSE is the largest and oldest professional safety organization. ASSE has over 32,000 occupational safety health and environmental members who manage, supervise, research and consult on safety, health, transportation and environmental issues in all industries, government, labor and education. ASSE is a global organization that works to advance the technical, scientific, managerial and ethical knowledge and skills of occupational safety, health and environmental professionals, and is committed to protecting people, property, and the environment.

ASSE provides such services as education, public affairs, government affairs, and involvement in national and international safety standards development, technical publications, and timely communications on safety advancements worldwide. For more information, visit ASSE's website at www.asse.org.

Benefits of Membership

Membership in ASSE gives you access to essential benefits such as:

NETWORKING – Form beneficial contact with over 32,000 safety, health and environmental professionals across the country and throughout the world face-to-face and through our online member directory. Participation in your local chapters gives you an opportunity to build relationships and exchange ideas and concerns with peers in your area.

CAREER ASSISTANCE – Whether you are searching for the top candidate or your next professional opportunity, our NEXSTEPS Career Center enables you to find the best candidates and opportunities out there.

CONTINUING EDUCATION – Our annual Professional Development Conference (PDC) gives you an opportunity earn and maintain CEUs with the best continuing education in the field, the ability to network face-to-face with over 4000 leading contributors in the field, and hands-on access to the industry's latest innovative products through our 400+ exhibitors.

Expand your education through participation at the annual SeminarFest, annual Safety Symposia, certification preparation workshops, certificate programs and webinars.

PRACTICE SPECIALTIES – 14 Practice Specialties enable you to interact with other safety engineers in your specific area of the industry. Practice Specialties make it possible for you to participate in open online forums for exchanging technical expertise.

The Safety Professionals Handbook – The handbook is a must-have for every Safety Professional in the field. This reference for managing and improving safety, health and environmental (SH&E) programs is a collaboration of 1000 ASSE members and 300 authors, reviewers, editors and administrators. The handbook's 12 topic areas span 79 chapters.

Professional Safety – This monthly publication delivers practical guidance, techniques and solutions to help SH&E professionals identify hazards, protect people, prevent injuries, improve work environments and educate management.

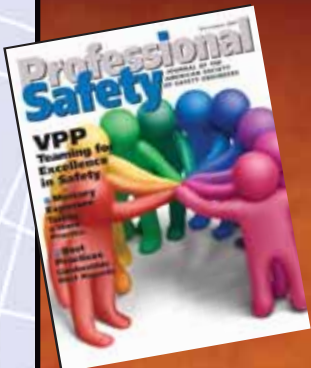

Journal of Safety, Health and Environmental Research – The Journal is a peer-reviewed theoretical and empirical manuscripts, reviews and editorials devoted to current issues and practices.

HELP SHAPE THE FUTURE – Have a voice in Washington by helping to influence policy in national safety standards development. ASSE conducts programs and activities to represent and protect ASSE members' interests at the state and federal levels. It also supports critical safety, health and environmental (SH&E) legislation, provides expert testimony to Congress and monitors government activities to ensure that SH&E legislation is based on sound science.

LEADERSHIP OPPORTUNITIES – Contribute to shaping the future of the safety field. Participate in task forces and committees, and work with other safety professionals on issues facing the industry today.

The Voice of ASSE

For more than 50 years, **PROFESSIONAL SAFETY** has been the voice of ASSE—a trusted resource sought out by SH&E professionals and corporate leaders throughout industry and around the world. From peer-reviewed technical articles and best practices to regulatory updates, standards developments and new products, the journal helps SH&E professionals succeed in their efforts to protect people, property and the environment.

Membership Classification

Please check one membership type based on your work history, schooling, and designations:

- Associate Member (U.S. only)**
Provides services to the safety, health and environmental (SH&E) profession or cooperates with safety professionals.
- Member (U.S. only)**
Requires current employment in SH&E or one of its relevant specialties.
- Professional Member (U.S. only)** Requires the following:
Any of the following certifications, P.E. registration, CSP, CIH, CHP, CHMM, CRSP, CPEA, CFPS, CMIOSH (UK), CFIOSH (UK), a bachelor's degree from an accredited college or university, **AND** five years of SH&E experience.
- International Member (outside U.S.)**
Requires applicants to be engaged in the broad practice in SH&E and reside **outside** the U.S.
- Professional Member (outside U.S.)** Requires the following:
Any of the following certifications, P.E. registration, CSP, CIH, CHP, CHMM, CRSP, CPEA, CFPS, CMIOSH (UK), CFIOSH (UK) **OR** a bachelor's degree from an accredited college or university and ten years of SH&E experience.

Chapter Preference*

(If no chapter preference is indicated, one will be assigned by the location of the preferred mailing address)

*For the most up-to-date membership classification criteria please visit www.asse.org.

Practice Specialty Membership (optional)

Over 20,000 ASSE members are involved with our Practice Specialties. These niche groups compliment ASSE's broad-based activities with focused, technical, individualized programs.

There is a U.S. \$20.00 annual fee for each practice specialty. Branch dues are covered by membership within the corresponding specialty.

Payment Information

Please answer the following questions to determine your dues structure. This approach is based on your country of citizenship and compensation. If you are paid based on your country of citizenship, then your dues are based on your country of citizenship. If you are paid based on the country you are employed in, then your dues rate will be based on that country.

1. In what country are you a citizen? _____
2. Are you being paid a salary based on where you are employed, or the country you are a citizen? _____
