Advancing the Needs of Today's

# SAFETY, HEALTH & ENVIRONMENTAL

PROFESSIONAL

AMERICAN SOCIETY OF SAFETY ENGINEERS

## About the Society

Formed in 1911, ASSE is the largest and oldest professional safety organization. ASSE has over 32,000 occupational safety health and environmental members who manage, supervise, research and consult on safety, health, transportation and environmental issues in all industries, government, labor and education. ASSE is a global organization that works to advance the technical, scientific, managerial and ethical knowledge and skills of occupational safety, health and environmental professionals, and is committed to protecting people, property, and the environment.

ASSE provides such services as education, public affairs, government affairs, and involvement in national and international safety standards development, technical publications, and timely communications on safety advancements worldwide. For more information, visit ASSE's website at [www.asse.org](http://www.asse.org).

Here's how you benefit from the

## Student Membership in ASSE...

ASSE Student Membership is an excellent way to jump start your safety, health or environmental career. As an ASSE Student member you **CAN**

- Network with more than 32,000 SH&E professionals from around the globe
- Connect with more than 1,900 student members
- Develop leadership and professional skills
- Access job opportunities at [www.NEXSTEPS.org](http://www.NEXSTEPS.org),<sup>®</sup> ASSE's premier job source
- Establish a career mentor at [members.asse.org](http://members.asse.org)
- Apply for ASSE Foundation's \$100,000 in scholarships for students pursuing advanced degrees
- Learn best practices
- Keep current on regulatory issues
- **And so much more!**

As a student member, you will be able to have online access to our industry recognized, *Professional Safety Journal*. For more than 50 years, ASSE's *Professional Safety Journal* has been sharing the latest technical knowledge in SH&E—information that is constantly being developed through research and on-the-job experience. Each issue delivers practical guidance, techniques and solutions to help SH&E professionals identify hazards, protect people, prevent injuries, improve work environments and to educate management that investing in safety is a sound business strategy.

***A mail subscription is also available to students at a discount for an additional \$17.50 per year.***

Safety** JOURNAL OF THE  
AMERICAN SOCIETY  
OF SAFETY ENGINEERS

## Qualifications for Student Membership

- Enrollment full-time or part-time in an accredited college degree program intended to prepare you for practice in the safety profession or one of its relevant specialties
- Declaration of intent to enter the SH&E profession or one of its relevant specialties
- Not presently employed as an SH&E professional, or eligible for regular membership
- Faculty Advisor verification

## Qualifications for Non-Traditional Student Membership

- Non-traditional student membership is offered to those entering the safety profession; those currently working in safety full-time; or those working while pursuing an advanced degree.
- If seeking a masters or advanced degree, the allowable number of years of student membership is limited to two.
- This offer is not valid for current or former members of ASSE.

## Declaration of Intent

- I intend to enter the safety, health and environmental profession.

## Employment Verification

- I am not currently employed as a safety, health and environmental (SH&E) professional.
- I am currently employed as an SH&E professional and am seeking an advanced degree (non-ASSE members only) at the same time.
- I am currently employed outside of SH&E and am seeking an advanced degree (non-ASSE members only) at the same time.

## Faculty Advisor Verification

- The information provided on this application is correct to the best of my knowledge.
