**SAFETY  
THROUGH  
THE  
AGES  
(A WALK THROUGH TIME)**

As ASSE's 100<sup>th</sup> Anniversary nears, our members, in the world's oldest professional safety organization, look forward to commemorating 100 years of dedicated service to workplace safety and health. Please join us in these efforts by participating in ASSE's Safety Through the Ages – A Walk through Time.

### **WHAT IS THE SAFETY THROUGH THE AGES EXHIBIT?**

The Safety Through the Ages Exhibit is an opportunity for individuals to take part in ASSE's 100<sup>th</sup> Anniversary Celebration by providing a glimpse into the past of a safety professional. How has the vision of a safety specialist evolved over the last 100 years? How have the tools of your trade changed? How have these changes impacted safety as we know it today?

### **WHO CAN PARTICIPATE?**

All ASSE members, nonmembers and exhibitors are invited to participate in the Safety Through the Ages Exhibit.

### **WHERE CAN I EXPLORE THE SAFETY THROUGH THE AGES EXHIBIT?**

Travel through time and explore the history of safety at the Safety 2011 Professional Development Conference and Exposition in Chicago, June 12-15, 2011.

### **HOW CAN I PARTICIPATE?**

Share your artifacts, pictures, or stories. How have standards changed? What do you see as having the greatest impact for change in the safety industry? Have a collection of artifacts relating to safety long ago to loan? The sky's the limit! Please complete the attached form stating your interest in participating in this program. Submissions must be received by February 11, 2011.
