On/Off-Campus Fires: Key Safety Resources

ASSE Fact Sheet 7

The following are resources on fire safety and prevention. The American Society of Safety Engineers (ASSE) encourages students, parents and administrators to review the resources below to prevent future fires and tragedies. For more information on on/off-campus fire prevention go to www.asse.org/newsroom.

- U.S. Fire Administration, www.usfa.dhs.gov/citizens/college, 301-447-1000 -- for facts, news and more.
- The National Fire Protection Association, www.nfpa.org, 617-770-3000.
- U.S. Occupational Safety and Health Administration (OSHA), www.osha.gov, 1-800-321-OSHA.
- Fire Safety, www.firesafety.gov, 301-447-1000 – a resource for eliminating residential fire deaths.
- The National Association of State Fire Marshals, www.firemarshals.org, 877-996-2736-- handle fire safety code adoption and enforcement, fire and arson investigation, public fire protection education and more.
- Fire Safe Council, www.firesafecouncil.org.
- American Society of Safety Engineers, www.asse.org, 847-699-2929.
- For a list of states with retrofit sprinkler laws, please visit the National Fire Sprinkler Association website at <http://www.nfsa.org/info/retrofit.html>.

In addition, contact the campus safety, health and environmental department or the local fire department for important information about fire prevention. For more information or questions about fire safety on colleges/universities, please go to www.asse.org/newsroom and contact:

American Society of Safety Engineers' Fire Protection Practice Specialty
1800 East Oakton Street
Des Plaines, IL 60018
